Market Basket Higher Priced But Costs Fewer Hours Work

Yes, on the dollar basis, but to buy the pre-war market basket at today's prices, it takes fewer hours of work by the industrial wage earner than it has in more than a quarter century.

Dr. Eugene Craven, Michigan State College agricultural economist, finds it takes, at today's average wage, less than one-third the hours of factory work it took in 1917 to buy the same family food basket.

In March, 1951 it took 8.3 hours of factory work to buy the weekly food basket for three persons. Back in World War I it took 27 hours of work. Figures for other periods show: 1917, 27 hours; 1927, 15 hours; 1937, 11 hours; 1941, 10.3 hours.

Although the long term trend in food costs has been favorable to wage earners, the increase in retail food prices from November, 1949 to February, 1951 was more rapid than that of wages. In looking at this recent increase, Craven thinks people forget longer term trends. They may also forget that during the period of July, 1946, to April, 1950, retail food prices dropped more than 12 percent while wages increased more than 6 percent.

The Michigan Agricultural Experiment Station economist finds, however, that for a large group of workers the rate of increase in the cost of food has equaled or exceeded increases in personal income.

County Child Worker Named

The Children's Division of the Social Welfare Department today announced the assignment of Miss Eunice Sutherland as Children's Worker in Crawford County. City Blacktop Job Started

This summer's blacktop projects of the City of Grayling are now underway and at their conclusion, ten city streets will have had the hard surface treatment.

City Manager Max Davenport said that on the South Side, Brink, Fulton, Mikado, Railroad Reserve and Madsen would be blacktopped. On the North Side, the rest of Lake Street to Plum, Vine to Plum, Smith to Plum, all of Fig and Vilas Streets will be hard surfaced. There is a possibility that Plum Street will also receive a blacktop surfacing.

The hard surfacing of city streets does a great deal towards stopping dust and eliminating mud following rains. Much smoother traveling for vehicles follows the surfacing with resulting less traffic noise for house-holders.

Little Lewiston Plans Big Home Coming

Little Lewiston's Northwoods Homecoming, scheduled for August 3, 4 and 5, promises to be the biggest celebration ever held in the town. Every day finds new events planned and new personalities added to the guest list.

The outstanding features will be the band contest in connection with the parade on Saturday, August 4th and a public wedding on Sunday the 5th. Entries in the contest should be made to the Lewiston Boosters, Lewiston, Mich. Generous prizes will be awarded for the winning floats in the parade.

The couple to be honored as the Homecoming Bride and Groom will have a beautiful, all expense paid wedding and honeymoon with everything supplied for them, minister, flowers, bride's gown, a honeymoon cottage for a week and the use of a car, if needed. They have not yet been chosen and any couple of marriageable age and good character may still add their names to the list of applicants. Grayling traveled to Onaway last Sunday for a Northern Michigan Independent Baseball League game and took one of their worst defeats this season as the home town team triumphed 23 to 4.

Grayling garnered only 6 hits at the plate which added to Onaway's 13 hits made the rout complete. Pomromski led the Onaway attack as he collected 3 singles and a double in 5 trips to the plate, Lee of Onaway hit a home run. Musty Gildner hit two doubles for Grayling with Ellery Horning getting a double and a single. Tom Anthony and Warden each singled to give Grayling their six hits.

Gildner, Bernie Sajdak and Bob Nietzer worked on the mound for Grayling, fanning one, walking six and hitting one batter while giving up 12 hits. Schoedig and Freil pitched for Onaway striking out 11, walking 6 and committing one balk. Anthony caught for Grayling with Walters behind the plate for Onaway.

Champion Quartet Will Sing At Mio

Devotees of the art of barber shop quartet harmony singing in the Northern Section of Michigan are in for a special treat when the International Championship Barbershop Quartet, The Schmitt Brothers of Two Rivers, Wisconsin, makes one of its first appearances in Michigan at Mio on the occasion of the Second Annual AuSable Valley Festival of Harmony sponsored by the Oscoda County Chapter SPBSQSA (Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America) on Saturday, August 18th.

To accommodate the expected throng the Chapter has arranged for two shows. One at 7:00 P. M. and one at 9:00 P. M. in the Community Building at Mio. The Schmitt Brothers quartet were crowned champions last June at the SPBSQSA Convention and Contest by 15 of the nations most expert judges of harmony before an audience of 7,000 who confirmed the decision of the judges at the Sports Arena in Toledo, Ohio. The champs were selected only after a long series of elimination contests participated in by 240 of the finest barbershop quartets in the United States and Canada.

The quartet consists of four brothers, ages 20 to 35 years, from a family of 11 children all of whom are musically inclined, and who have been, in their lives, encouraged by their mother in various musical activities. In addition to the champions the program will feature many other top quality entertaining quartets from the Mid-Western States, local quartets and the Oscoda County Barbershop Harmony Chorus. Mr. Carroll P. Adams, from Detroit, International Secretary of SPBSQSA, will act as Master of Ceremonies and as representative of the 650 chapters of SPBSQSA throughout the United States and Canada and their 30,000 members.

The festival is open to the public and tickets for the show or information can be secured by contacting Harold V. Stark, Mio, Michigan.

Local Visitor Dances At Indian Ceremony

Jan Libcke, son of Mr. and Mrs. John Libcke of Detroit who has been visiting in Grayling, took part in the ceremonial dances put on by the Heoka-Wacipi Indian Society (Detroit Boy Scouts of America) at the Ottawa Indian pageant and naming ceremony in Harbor Springs last Saturday and Sunday evenings.

Among those adopted as honorary chiefs in the Ottawa Potoskey Evening News and A. F. Littenburg, M. D., and Katherine Lee Warner, R. N., of Boyne City. The address was given by Vice Admiral J. H. Cassidy, who with Rev. Monsignor Maurice Sheehy of the University of America, Washington, D. C., arrived by plane. The Destroyer Joyce arrived at Harbor Springs on Saturday.

Attending the ceremony from Grayling were Mr. and Mrs. Roy Trudgen and the Misses Agnes and Ann Hanson.

pickers were warned to take strict notice of danger signs along roads and back wood trails as the danger is very real. High explosive shells live ammunition is being used on the firing ranges and death or injury could be waiting for the person who ignores the warning signs.

The first part of next week the Hoosier civilian soldiers will move out for a two night bivouac and field problem which will be more of an attacking field problem than defensive as Illinois struggled with.

Firing on all ranges this week from rifles on through light machine guns to big artillery has been extremely heavy as the Indiana guardsmen improve their proficiency with their assigned weapons. The 38th, under the command of Major General Jesse E. McIntosh are as pleased with Camp Grayling and its facilities as were their neighboring Illinois guardsmen.

The Illinois Air National Guard, 169th Fighter Squadron and 106th AF Communications Squadron, about 600 officers and men, will move into Grayling's McNamara Air Base this week end for their two week swing of field training. A motor convoy moving equipment and some men of the Illinois Air Guard will arrive ahead of the F-51 fighter planes of the squadron. The airmen will use the Oscoda firing and bombing ranges for their training with air to ground and air to air firing. Bombing and rocket firing runs will be made against ground targets at Oscoda.

The Hoosier guardsmen will undergo this week a training procedure of close air support for front line infantry. This course combines several movies which will be viewed by picked personnel at the Rialto Theater. Following will be a lecture on communications during air support for ground troops, followed in combat with an enemy. This lecture will take place in the Gym at Grayling High School. The picked troops will then be moved to the artillery range where a regular Army Air Force team will give a demonstration of air support through machine gun fire, rockets and bombing with several types of bombs including napalm or fire bombs.

The 46th "Iron Fist" Division of Michigan is slated to roll into Camp Grayling on August 1st for their two weeks of field maneuvers which will windup the biggest and busiest season that the National Guard installation has ever had. The Michigan citizen soldiers will undergo the toughest training that they have yet encountered as a two day field problem will set a defensive line along the Frederic-Lovells road with a heavily-manned enemy force harassing their action.

Quick action last week by officers of the Michigan Guard solved a downriver problem. An advertisement, Illinois guardsmen moved some danger signs which blocked off the Grayling Township dump from use by residents. A call to Camp Grayling and a quick inspection by officers from Lansing quickly remedied the situation and the dump has been reopened for use and taken out of any danger area.

Kiwanis Governor Speaks Monday

Walter F. Patenge, Governor of the Michigan District of Kiwanis International was the speaker at Monday night's meeting of the Kiwanis Club of Grayling.

He spoke to about 40 members and guests and took as his topic, "The American Way of Life and What Kiwanis Is Doing About It." President and general manager of the Wohler Corporation in Lansing, manufacturers of automotive parts, Kiwanis Governor Patenge is the 1951 leader of the 11 Kiwanis clubs that make up the Michigan District of Kiwanis International. He was introduced to the club by Past Lt. Governor Charles E. Moore who along with Past Lieut. Governor Earl Giegling was in charge of the program.

Governor Patenge pointed out in his talk what great power the crystallizing of public opinion has on government and business. He said that if each Kiwanis club in the United States, Canada, Alaska and Hawaii would attempt to sustain and cherish the American Way of Life in their own particular community the added results on a world-wide basis would be amazing.

The Michigan leader of Kiwanis was positive in his points on Kiwanis committee for the support of Churches. He added that in today's troubled times a Kiwanis Club should make every effort to get the utmost out of its committee on church support. The Grayling club now sponsors a trailer which is shown nightly at the Rialto Theater urging people to attend the church of their choice each Sunday.

Governor Patenge called the church, labor and management the three great parts of American life with any two needing the support of the third. Among the club's guests Monday night were Major General Ralph A. Loveland, commanding general of Michigan's 46th Division, Lieut. Colonel Ronald McDonald and Conservator Commissioner George A. Griffith.

The Other Side

A short time ago President Truman wrote a long letter to a Senator protesting against certain changes that had been made in the Interior Department's new appropriation bill. He was especially concerned with an amendment which was designed to prevent Interior, and its sub-agencies, from constructing transmission lines to carry electric power from government plants when arrangements could be made for moving it over the existing lines of utility companies. He also opposed cuts that were made in Interior's budget affecting government power development. These actions, he wrote, "would seriously restrict the operation of Federal hydroelectric power projects for the national defense and in the public interest."

The President is entitled to his views and it is his prerogative to urge Congress to carry them out. However, there is another side to this important controversy, and a great many thoughtful people subscribe to it. How, in the name of common sense and simple justice, can the public interest be served by squandering huge sums of money and vast quantities of critical materials on the construction of transmission lines which would simply duplicate lines that are already in existence and are capable of transporting the juice to the consumer at the lowest possible cost? And how in the name of common sense and simple justice can the public interest be served by pouring more money down the bottomless rat-hole of socialized power development when the heavily-taxed, public-regulated utilities can and will build whatever new plants and related facilities are needed—and pay taxes on them.

The strongest kind of a case can be made for far heavier cuts in government power appropriations than have so far been proposed—and for iron-clad Congressional restraints on Interior and the other departments which are seeking to socialize enterprise, at a murderous cost to the people.

EVEN your Buick will lose some of its Fireball zip and zoom, if the spark plugs are dirty, or weary with over-age.

Each of your eight cylinders needs a good spark to ignite it, when charged with gasoline—a crackling-bright electrical spark to touch off its peak power!

So let our experienced Buick ignition specialist check your spark plugs sometime soon—as well as your generator charging rate, your distributor points and ignition timing. You'll find the increased power and fuel mileage is more than worth the moderate charge for his work.

Drive in this week, why not? Ask for our spark plug and general ignition checkup—and feel the difference when you drive out!

You've Arrived

HERE pictured is an automobile that may well be the fulfillment of any man's dream of a fine motorcar.

For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth.

So mark well the things that a ROADMASTER offers.

No other car on the American scene has a prouder bearing.

No other automobile has more spacious dimensions, more luxurious

comfort, or finer appointments.

No other car has a ride more serenely smooth on curve or straightaway, highway or byway.

And no other car, at ROADMASTER's price or above, has Dynaflo, and the supreme command of every traffic condition which it provides.

So you, at the wheel of Buick's biggest and best, have a right to feel distinguished.

But there's a joy of possession which goes deeper than visible things.

There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine — and the satisfying companionship of a brawny traveler instantly responsive to your every wish.

And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped.

So why not take that very important first step — and come in and see us soon?

Equipment, accessories, trim and models are subject to change without notice.

A split vote for the Republican nomination of United States senator is indicated at the moment for November, 1952. Owen J. Cleary, Republican state chairman, is said to be mulling his chances. Another prospective candidate is ex-Gov. Harry F. Kelly who lost his third term bid for the governorship last fall.

Kitt Clardy, Lansing attorney who last year opposed William W. Blackney for the sixth district G.O.P. nomination as representative, has hinted to friends in Washington that it wouldn't take much persuading to get him into the senate scramble.

The only announced candidate so far is a Republican from Grand Rapids—John B. Martin Jr., now state auditor general. Arthur Vandenberg Jr., also of Grand Rapids, has been mentioned as a possible contender. Young Vandenberg hasn't revealed his intentions.

Speaker of the House Victor A. Knox (R-Sault Ste. Marie) long has cherished the job of secretary of state. Also eyeing the position is Rep. Robert M. Montgomery (R-Lansing) who is speaker pro tem. Fred M. Alger Jr., who holds the position now, has announced his candidacy for nomination as governor.

Armed with additional funds from the legislature, Dr. L. M. Thurston, superintendent of public instruction, quietly is investigating several more school districts. They are suspected of padding enrollment lists to gain more state aid funds.

Michigan is short 3,000 nurses for training, all of whom could be employed immediately upon completion of training.

Michigan's city officials criticize the federal government for lack of leadership in the civil defense effort. John Witherspoon, Detroit controller, says Detroit is about as well organized as any city in the nation....but "we are not as secure in our feeling about attack as the federal government seems to be".

Michigan's fruit crop, except for apples and pears, will be below the 1950 harvest, if federal-state crop reporting services' estimates are correct. Reason—given for the predicted drop was a severe freeze last November.

A legislative committee, mapping a revision of Michigan election laws, has invited suggestions from anyone interested. Sen. Creighton R. Coleman (R-Battle Creek) chairman of the committee, says his group plans to draft

a recodification of election statutes and submit it to the 1952 legislature. He will listen to all comers.

It's the polio season again. Some 88 cases were reported in the first half of 1951. Last year the peak load was 2909 cases. Dr. F. S. Leeder of the state health department says there is "nothing unusual" about the case incidence this year.

Jackson Republicans are trying to promote a shrine in their city to commemorate the founding of the party there 97 years ago. Financial support is the stickler.

The use of fluoride, a tooth decay preventative, has increased by leaps and bounds in Michigan. Already 10 cities are adding the chemical to their water and 12 others have applied for necessary installations. A survey in Grand Rapids after six years of using fluoride showed a 60 percent decrease in decay of children's teeth.

U. S. Sen. Homer Ferguson, now Michigan's senior senator, has started his own radio program. He is making a weekly report to the people through more than 30 radio stations.

In Michigan, one out of every four persons killed at work is a farmer.

Manistee and Benzie counties

this year sent more than 2,000,000 pounds of strawberries to market, grossing growers \$350,000. It was the largest crop ever recorded in the two counties.

Hunters can expect more pheasants this year. Conservation department survey finds a 20 percent increase in ringneck roosters.

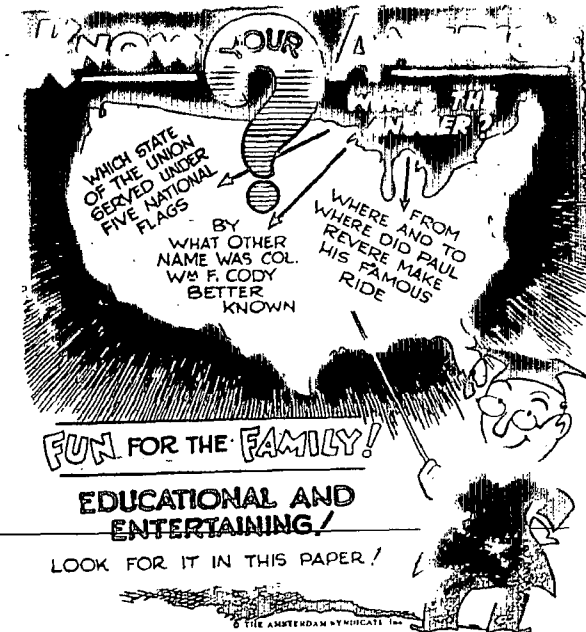

The "Michigan Realtor", official organ of the Michigan Real Estate association, revives an old—and touchy subject. Says the bulletin of the "El Siglo" apartment project rumpus of 1950, "not only did the state suffer no loss...but is showing a return on its investment...in private business the move would have been considered a stroke of financial genius...D. Hale Brake (state treasurer) will remain the unsung hero wizard."

Administration at the time made loud noises about a poor investment of state funds (VA monies) in the Arizona project.

From where I sit... by Joe Marsh

What's So Funny?

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what they considered a side-splitter, and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist a better judge of humor than the rest of

us? If a man gets a kick out of a joke that proves it was funny to him, doesn't it?

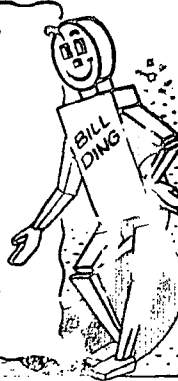

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "wise-cracks" if you prefer tea.

LEGAL NOTICES

Notice of Hearing on Petition to
Vacate and Abandon a Part of
Evans Street and Alley in Block
2 of McRae's Addition to Fred-
eric, Frederick Township, Craw-
ford County, Michigan.

Notice is hereby given that a
petition has been filed with the
Board of County Road Commis-
sioners of Crawford County, Mich-
igan, for the vacation and absolute
abandonment of all that part of
Evans Street, commencing at
Hastings Street and continuing
East to Cheboygan Street. Also
the 20 foot alley commencing at
McRae Street and continuing
South to Evans Street, as platted
in Block 2, of McRae's Addition to
the Village of Frederic.

For the reasons that said part
of Evans Street and Alley has
never been opened or worked upon,
as a public street, that the open-
ing thereof would serve no useful
purpose, and would require the
expenditure of public money that
would not be justified, and that
the majority of lots are now owned
by the Frederic Consolidated
School and are used as a school
playground, and that public use
of said street and alley would
create a hazard for school chil-
dren using said playground.

Notice is hereby given that a
hearing will be held on said peti-
tion before this Board on the 8th
day of August, 1951, at 11:00
o'clock A. M., at the office in
Grayling of said Board of County
Road Commissioners.

Dated July 9, 1951.
Crawford County Board of
Road Commissioners,
William Ferguson, Clerk.

sent whereabouts of said defend-
ants are unknown and that the
names of persons who are in-
cluded therein without being
named but who are embraced
therein under the title of unknown
